

The main route of the “E-Bike-Region Stuttgart” attracts with spectacular views and historic and cultural highlights. It takes you through the most beautiful places/corners of the wine-, orchard- and forest region of the five districts Boeblingen, Esslingen, Goepingen, Ludwigsburg and Rems-Murr.

From half-timbered embossed old towns, diverse landscapes and unique nature parks give the track a special character. The main route was created for the specific requirements of e-bike (pedelec) riders and it provides a well-developed, sophisticated route with adventurous character.

There are different beautiful accommodation options, regionally influenced cycling-friendly gastronomy as well as a set of e-bike rider service infrastructure with rental and charging stations. Whether major or minor route, the tour can be started on any self-chosen starting point.

**More than 400 km of exciting routing**

- More than 45 of interconnected pedelec-rental stations
- Around 200 rental pedelecs
- More than 100 charging stations in the region

Information of pedelecs, addresses of rental and charging stations, pedelec transportation services, routes with download possibilities for GPS-tracks, accommodation and refreshment points and further information is available on: [www.e-bike-region-stuttgart.de](http://www.e-bike-region-stuttgart.de)
